1 Professional Bio

Experienced software developer and project manager with over three years of expertise in building scalable web applications using Laravel, React, and MySQL. Proficient in system architecture, database optimization, and modern frameworks like Tailwind CSS and Inertia.js. Demonstrated leadership in guiding teams, mentoring junior developers, and delivering high-impact projects such as Eclipse POS and Glowthentic. Passionate about leveraging problem-solving skills and agile methodologies to create efficient, user-focused solutions. Currently pursuing a B.Sc. in Computer Science and Engineering to deepen knowledge in algorithms, cyber security, and AI.

2 Skills

Programming Languages: C, C++, PHP, JavaScript, HTML, CSS, MySQL, Oracle

Frameworks and Libraries: Laravel, React, jQuery, Bootstrap, Tailwind CSS, Inertia.js, JSON, WordPress, Shopify

Tools and Platforms: Git, Docker, AWS, Jira, XAMPP, Visual Studio Code

Core Competencies: Problem Solving, Team Collaboration, Project Planning, Database Design, ER Diagram, Database Optimization, System Architecture, Design Patterns, CI/CD Pipeline, Containerization, Testing, JWT, Debugging, Agile Development, System Analysis, Monitoring, Error Handling, Performance Tuning, Query Profiling, Code Optimization

3 Experience

3.1 Lead Programmer & Project Manager

Eclipse Intellitech Limited

Jan 2024 – Present

- Led development of Eclipse POS, Accountant ERP, Glowthentic, and various projects using Laravel, React, MySQL, Redis, and Elasticsearch.
- Performed system analysis, monitoring, performance tuning, query profiling, and load testing.
- Guided junior developers and managed projects, overseeing server setup, configuration, and deployment.

3.2 Front-End Developer

Eclipse Intellitech Limited

Jan 2023 – Dec 2023

- Developed responsive UIs for ERP software and websites, integrating front-end with back-end systems using PHP and MySQL.
- Gained experience with WordPress and Shopify for customized web solutions.

3.3 Web Developer

E-learning & Earning LTD

Aug 2022 – Dec 2022

- Built dynamic web applications using HTML, CSS, PHP, MySQL, and Bootstrap, focusing on performance and code quality.

4 Projects

4.1 Eclipse POS

POS and ERP Solution

Technology: Laravel, React, MySQL, Redis, Elasticsearch

Bangladesh
eclipseposapp.com

- Developed a robust point-of-sale system with 15+ modules, including inventory, sales, accounting, and courier integration.
- Designed scalable database schemas and led end-to-end development, mentoring junior developers.

4.2 Glowthentic

E-commerce Platform

Technology: React, Laravel, Tailwind CSS, JavaScript

Bangladesh
glowthentic.store

- Architected a modern e-commerce platform with product variants, secure APIs, and user analytics.
- Optimized performance with caching and ensured responsive design using Tailwind CSS.

4.3 Accountant

ERP for Accounting

Technology: Laravel, MySQL, JavaScript, Tailwind CSS

Bangladesh
accountant.eclipseintellitech.com

- Built a comprehensive ERP with modules for accounting, inventory, CRM, and asset tracking.
- Implemented print-ready reports and role-based access, mentoring junior developers.

4.4 Eduvoyage

Education Consultancy Website

Technology: Laravel, JavaScript, Tailwind CSS, MySQL

Bangladesh
eduvoyageeducationconsultancy.com

- Developed a dynamic website with service listings, admission forms, and client management tools.
- Led requirement analysis and integrated SEO optimization for enhanced visibility.

4.5 Sobrokom

E-commerce Platform

Technology: Laravel, MySQL, JavaScript, Tailwind CSS

Bangladesh
sobrokom.store

- Designed a Laravel-based e-commerce platform with product management and order tracking.
- Optimized performance with caching and integrated user analytics for scalability.

5 Education

5.1 B.Sc. in Computer Science and Engineering (CSE)

Northern University Bangladesh

2023 – Ongoing

- Pursuing advanced studies in Algorithms, Software Engineering, System Architecture, Database, Cyber Security, and Artificial Intelligence (AI).

5.2 Diploma in Computer Engineering

Bogura Polytechnic Institute

2017 – 2022

- Gained foundational skills in programming, database management, and web development with PHP and MySQL.
